

People are more likely to embrace the gospel when they are young than at any other point in their lifetimes. They're ready to hear the good news of Jesus Christ. Are you ready to share it?

The 2009 Awana Ministry Conference prepares you to proclaim God's Word to kids and teenagers when they're most open to salvation. Learn effective, innovative ideas for evangelism and discipleship through an inspiring keynote message and a variety of practical workshops. Choose the sessions that benefit your unique ministry — from Puggles® to Journey™. Come with a group and split up to take full advantage of the entire conference. You'll leave excited to serve, armed with ideas and skills to immediately apply to your ministry.

Awana understands young people. Reaching them with the gospel has been our mission for over 60 years. Let us share our vision with you as we strive together to raise children and youth who know, love and serve Christ for life.
